VALUATION REPORT

M/S. SONA PROCESSORS (INDIA) LTD.

Address of Factory	: Araj No. 1581, 1582, 1607, 1607/1, 1608, 1609, 4197/1581, 4249/1581, 4405/1581 Vill. Hamirgarh, On Bhilwara- Chittorgarh Highway, Dist. Bhilwara, Rajasthan
Plant to be valued	: Fabric Processing Plant
Purpose of Valuation / Intended Use	: To evaluate creditors financial risk and estimate the distress sale value of subjected machines.
Fair Market Value	: Rs. 35.31 Crore
Realizable Value	: Rs. 31.78 Crore
Distress Sale Value	: Rs. 21.18 Crore

REPORT OF VALUATION OF PLANT & MACHINERY

This is to notify that on request of Punjab National Bank, Bhilwara undersigned has visited the plant of M/S. Sona Processors (India) Ltd. on 18.02.2022 to carry out Valuation of P & M there in. After physical inspection of captioned site/ P & M, made necessary inquiries, discussion with concerns and perusal of made available photocopies of relevant, Opine as under:

SCOPE OF WORK:-

- | | | |
|--|---|---|
| 01. Valuer | : | B. M. Consultancy
Bank's Approved Valuer |
| 02. Purpose Of Valuation | : | To know fair market value &
Realizable Value at distress sale |
| 03. Intended Users of report | : | Punjab National Bank |
| 04. Assets being valued belongs to | : | M/S. Sona Processors (India) Ltd. |
| 05. Address of the plant | : | Araji No. 1581, 1582, 1607, 1607/1, 1608,
1609, 4197/1581, 4249/1581, 4405/1581
Vill. Hamirgarh, On Bhilwara- Chittorgarh
Highway, Dist. Bhilwara, Rajasthan |
| 06. Date Of Visit / Inspection | : | 18.02.2022 |
| 07. Extent to which plant was inspected | : | All major machines physically inspected |
| 08. Description of the Plant & Machinery | : | As per attached list |
| 09. Condition of P & M | : | Plant in working condition |
| 10. Estimated Life of the P & M | : | 25 Years |
| 11. Date of Valuation | : | 03.03.2022 |

BASES OF VALUE: As per IVS different bases of value are as under

Market value is the estimated amount for which an *asset* or liability *should* exchange on the valuation date between a willing buyer and a willing seller in an arm's length transaction, after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion.

Market rent is the estimated amount for which an interest in real property *should* be leased on the valuation date between a willing lessor and a willing lessee on appropriate lease terms in an arm's length transaction, after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion.

Synergistic value is the result of a combination of two or more *assets* or interests where the combined *value* is more than the sum of the separate *values*.

Liquidation value is the amount that would be realized when an *asset* or group of *assets* are sold on a piece meal basis. *Liquidation value* should take into account the *costs* of getting the *assets* into saleable condition as well as those of the disposal activity.

Premise of Value:- Some common premises of value are:

- (a) Highest and best use,
- (b) Current use/existing use,
- (c) Orderly liquidation, and
- (d) Forced sale.

03.03.2022

VALUATION APPROACHES AND METHODS:-

The principal valuation approaches are:

Market Approach:- The market approach provides an indication of *value* by comparing the *asset* with identical or comparable (that is similar) *assets* for which price information is available.

Income Approach:- The income approach provides an indication of *value* by converting future cash flow to a single current value. Under the income approach, the *value* of an *asset* is determined by reference to the *value* of income, cash flow or cost savings generated by the *asset*.

Cost Approach:- The cost approach provides an indication of *value* using the economic principle that a buyer will pay no more for an *asset* than the *cost* to obtain an *asset* of equal utility, whether by purchase or by construction, unless undue time, inconvenience, risk or other factors are involved. The approach provides an indication of *value* by calculating the current replacement or reproduction cost of an *asset* and making deductions for physical deterioration and all other relevant forms of obsolescence.

VALUATION APPROACHES , PREMISE & METHODS ADOPTED: Undersigned used Market approach with Existing use premise to estimate fair market value of subjected P & M (As per annexure A, annexure B & annexure C).

PHYSICAL INSPECTION OF P & M BEING VALUED: I have inspected P & M as on 18.02.2022 discussed with owner, operators about maintenance, production, etc.

ABOUT PLANT: Initially the plant established by M/S. Shree Ganesh Texfab Ltd. And present owner M/S. Sona Processors (India) Ltd. Had purchased it along with land and building in year 2016. After that they invested a huge amount to improve quality, capacity and efficiency of the plant. The plant is a process plant in which gray fabric go through various processes like dyeing, washing, finishing, etc. and finally ready to use. In this process various machines are used. We can very well understand the whole process through flow chart as under.

(i) FLOW CHART FOR DYED FABRIC PROCESSING

Process Flow	Carried at Machine-	Function/Treatment
GREY FABRIC	FOLDING	Grey Fabric Received from Parties and unloaded at Grey Godown. At Grey Godown, Grey Fabric comes in pieces and roll form; the same are stitch before issue for production depends upon parties order/dispatch planning.
↓		
SCOURING/ DESIZING	JIGGER	Scouring - Grey fabric Scouring in Jumbo Jigger M/c to remove oil, Greece any type of Dust & Improve the swelling of the fabric. This provides a greater cleaning or detergency action to remove the soiling and staining developed during transportation or storage of the goods. Desizing- This process of removing the starch from the fabric.
↓		
DRYING	DRYING RANGE	After Scouring/desizing, the Fabric transfers to Drying Range M/c for Dry the wet Fabric.
↓

HEAT SET	STENTER	After drying, the fabric transfer to Stenter M/c for Heat Setting. In this process fabric Width Set according to Warp & Weft wise.
↓		
SINGEING	SINGEING	After that the fabric transfers to Singeing M/c. In this process the unwanted fiber, flubs, remove from surface to improve the pilling.
↓		
WASHING	JIGGER/ WASHING RANGE	After singeing the fabrics transfer to Remove chemical effects done at earlier stages.
↓		
DRY	STENTER	After Washing the Fabric transfer to Drying Range M/c for Dry the Fabric
↓		
CHEMICAL FINISH	STENTER	Finishing involves all the mechanical and chemical processes to improve the acceptability of the product.
↓		
O.D./ K.D	OPEN DECATISING MACHINE / KIER DECATISING MACHINE	To give permanent & inalterable effect on finish fabric with the help of steam press
↓		
CALENDAR / SHINER	CALENDER/ SHINER MACHINE	Compression of fabric between two heavy rollers to give a smooth appearance and shine to the surface of the fabric.
↓		
ZERO – ZERO	ZERO – ZERO	Its Helps To Reduce Hardness Of The Fabric
↓		
SF	SUPER FINISH/ FORMULA NO. 1	Its provide luster finish (gentle sheen or soft glow) to the fabric by the help of silicon coated belt.
↓		
FOLDING/PACKING	FOLDING/ROLLING MACHINE	Finish Fabric Folded & Rolled for Dispatch

VALUATION SUMMERY :

We hereby certify that, the machines as described in annexure (A) , (B), & (C) have been assessed by us, for the purpose recorded herein above & in our considered opinion are as under.

Description of machines w.r.t. age	Fair Value	Realizable value	Forced sale value	Detailed Calculation
	(Rounded to nearest lakh Rs.)			
Machines purchased after 01.04.2019	205	185	123	Annexure A
Machines purchased before 01.04.2019 and having remaining life more than 8.5 Yr.	3147	2832	1888	Annexure B
Machines purchased before 01.04.2019 and having remaining life below 8.5 Yr.	179	161	107	Annexure C
Total	3531	3178	2118

DECLARATION

I hereby declare that -

1. The information furnished in my valuation report dated 03.03.2022 is true and correct to the best of my knowledge and belief and I have made an impartial and true valuation of the P & M.
2. We have no direct or indirect interest in the machinery/plant valued.
3. We have personally inspected the machinery / plant on 18.02.2022.
4. We have not been convicted of any offence or sentenced to a term of imprisonment.
5. We have not been found guilty of misconduct in my professional capacity.

STATEMENT OF LIMITING CONDITION :

1. As per bank requirement age of machines considered upto 01.04.2022
2. For the purpose of age calculation we consider 1 year for age above 6 month and 0 year for below 6 month.
3. Applicant purchased an old plant therefore he didn't have exact date of purchase but have year of purchase which is mentioned in registry documents , I have considered the same in my valuation report.
4. know Assumptions are made to the best of our knowledge and belief. Reliance is based on the information furnished to us by the identifier AND/OR client.
5. The valuer shall not be responsible for matters of legal nature that affects the values and opinion expressed by us.
6. If our appearance is required, we will be pleased to appear and give the necessary clarification, provided the fees for each appearance (including traveling, per diem and out of pocket expenses) is pre – determined in writing the acceptance of the assignment under reference.
7. In no event shall the valuer be held responsible or liable for special, direct, indirect or consequential damages as the assignment has been completed on best efforts, available knowledge and in good intentions of persons concerned and belief.
8. Above certificate is issued in Best Engg. Practice & without prejudice to anybody. No consideration has been given to liens or encumbrances which may be against the property.
9. The use of this valuation report is strictly restricted to the intended user(s) and for intended use(s) as specified in scope of valuation.
